A Sneak Peek!

Thanks to all who joined us for our sneak peek events on June 24th. The excitement was overwhelming, as donors, board members, families, residents and staff explored Brazos House! Although it will be several more weeks before final inspections, moving day will be here before we know it.

Kudos again to our wonderful design team, and especially to our architect project manager and interior designer, Stacey Brimmer. Her outstanding use of design, color and materials is turning our beloved institution into a fabulous home.

We are assembling a quilt to commemorate our new home, with fabric squares signed with well-wishes from visitors. If you would like to wish us well and be a part of the quilt, please see Susan Clayton in the Development office, for a fabric square.

Best Wishes and thanks to all for your parts in making our dream a reality,

Susan Farris, Executive Director
